Letter to Chairman of Parliament

9th April, 2018

Chairman of the Parliament
Lord Fakafanua
Parliament Office
Nuku'alofa

Your Excellency,

Pursuant to section 51 of the Act of Constitution of Tonga (Amendment) (No.2) Act No.20 2010, the Minister for Police shall provide to the Legislative Assembly with a report of the affairs of the Ministry of Police and Fire and Emergency Services for the previous year.

This document known as the Financial Report covers the operations and activities of the Tonga Fire and Emergency Services in detail for 2016/2017.

I have the privilege in presenting Your Excellency the Annual Report of the Tonga Fire & Emergency Services 2016/2017.

Honourable Mateni Tapueluelu
Minister of Police and Fire & Emergency Services

Letter to His Honourable Minister

Honourable Mateni Tapueluelu
Minister for Police and Fire & Emergency Services

Your Honourable Minister,

I have pleasure in submitting to you the Fiscal Report of the Tonga Fire & Emergency Services 2016/2017. The report highlights the Services performance in achieving its objectives and strategies during the Fiscal year.

I am proud to be the Fire and Emergency Commissioner of this Service and to work among dedicated firemen and woman. On behalf of all staff, I wish to acknowledge and appreciate the working relationship that we share with the Government of Tonga and the Government of South Australia. May we continue to work in unison for the benefit of people of Tonga.

Respectfully,

Lofia 'i Vailahi Heimuli
Fire and Emergency Commissioner

Our Organisation

The Tonga Fire & Emergency Services (TFES) has been acknowledged for coordinating and carrying out proactive fire prevention and responding to fire and other emergency calls. We are committed to continuously improving the services that we provide to the community and the people in the Kingdom of Tonga. We aim to be recognised not just as an excellent emergency responder but also as an agency that reduces risks to the community that provides our people with the services they need, that is effectively managed and governed, and that provides excellent value.

The TFES Statement of Corporate Intent has been prepared and summarises the Services objectives for the period covered by the Corporate Plan. This new corporate plan of the Service – TFES is aligned with high level Government objectives including the TSDF II national outcome objectives. The TFES programmes and sub-programmes are designed to improve the functions and service delivery of the Service.

Currently there are a total of five (5) divisions under which staff operates. These are:

1. Administration & Corporate Services Division;
2. Training and Development Division;
3. Emergency Response Division;
4. Community Safety Division; and
5. Operations and Suppression Division.

In pursuant to the Corporate Plan 2015/2016 - 2017/2018, these 5 divisions are broken down into four (4) sub-programmes for the purposes of operating its own budget for their expected project delivery.

TFES primary purpose is to minimise the social, economic and environmental impact of fire and other emergencies in our community. This will be achieved through implementing strategies to develop community self-reliance to prevent and prepare for fires, supported by a timely and effective response to emergencies.

TFES is also responsible for road accident rescue, natural disasters, managing incidents involving hazardous materials and undertaking urban search and rescue (USAR).

TFES Organisational Structure and Key Outputs

Our Aims

Our Annual Aim:

"We will work cooperatively together with love to create a positive working environment where excellence is attained in all areas of TFES.
(1 Samuel 3:10)"

Our Vision:

"A Safer and Happy Society"

Our vision is for a safer and happy society. We will contribute to this by working with the people to reduce deaths, injury and damage to property and the environment.

Our Mission:

"To Serve the Community"

We will achieve our vision by providing a modern Fire & Emergency Service by working with local communities, business and other agencies to reduce risks from fires and other emergencies. We will respond speedily and effectively to deal with fire and other emergencies and, if necessary, take calculated risks to save life and protect property and environment when the community depends on us to.

Our Values:

- Serving the communities of the Kingdom of Tonga;
- Being responsive to community needs; and
- Being progressive and delivering quality services

Professionalism:

- Dedication and pride in our organisation;
- Being skilled, efficient, committed and innovative;
- Using our collective capabilities to deliver an excellent service; and
- Being accountable for our actions.

Integrity:

- Being trustworthy and ethical;
- Treating each other fairly and honestly; and
- Having the courage to do the right thing

Consideration:

We value:

- Each other
- Working together to achieve our goals
- Treating each other with respect and understanding
- Being supportive, compassionate and helping each other

Who are we?

TFES is all about the people – our staff and the communities that we serve.

TFES members that serve the community, they are part of the local community. Community expectations are high and our focus is on front line service delivery through all stations to all Fire districts.

All 106 Commissioned and non-Commissioned officers are dedicated to working towards delivering the most proficient service possible with the overarching objective of achieving our vision and mission statements.

We continue to sharpen our focus on the frontline through "ensuring excellence in our service delivery" as part of our service delivery philosophy. This has merged our focus from our limited facilities to our senior management team with this single purpose. This is to ensure alignment of the entire Service on the front line, whether they are suppressing fires or educating the communities and people across the whole Kingdom of Tonga.

With the solidification of emergencies in our service delivery, the Services established an Emergency Response Division (ERD) which is made up of staff with specialised technical skills that would be of assistance in times of an emergency response.

Although we have five (5) divisions, these have been allocated across 4 Sub – Programmes which is illustrated on the 'TFES Strategic Map'. The Strategic Map indicates our aims and missions and what we as a Service strides to deliver.

We aim to work cohesively with other emergency responders to further improve our interoperability. To achieve this, we are striving towards a common doctrine across emergency responder agencies that also deal with emergency response.

A new era has begun for the Services. We are not going to stop here, but rather work on a foundation to improve with each new Financial Year and meet each new challenge that the year may bring. By working together with the Government and people of Tonga, we can be the best service that we can be.

TFES Strategic Map

The TFES organisation structure is based on the type of function performed, classification of personnel employed in each division and the overlapping geographic factors.

Ranks	Major Responsibilities
Minister for Police and Fire & Emergency Services	Overall Command
Fire & Emergency Commissioner	Responsible for the general efficiency of the Fire Service
Deputy Fire Commissioner	Responsible for the general efficiency of the operational and administrative duties
Fire Commander	Commanding Officers of Divisions
Assistant Fire Commander	Officer In-Charge of Stations and Units
Fire Officer	Second Officer In-Charge of Divisions and Units
Senior, Principal, Leading, Fire Fighter and Recruit Fire Fighter	Perform divisions, stations and units daily routine duties

The executive administration of TFES is led by the Minister for Police, Fire & Emergency Services and supported by the Fire and Emergency Commissioner. They hold external and internal responsibilities linked to the performance indicators. Externally, the Service's Executive Officers are responsible for supervising and providing appropriate advice and guidance on management of the Services.

Within the Service, the Minister is responsible for providing leadership and political direction necessary for the delivery of the Ministry's programs and sub-programs. The Fire and Emergency Commissioner manages the administration, development, and implementation of the Service's sub-programs and provides necessary leadership to the staff.

At the divisional level, each program is managed by a Fire Commander (Officer Commanding) whose performance is measured by respective divisional outputs.

Conclusion

The Fiscal year 2016/2017 results have been satisfactory despite certain constraints which obstructed the advancement of the Service.

In general the Fire Statistics were on the slight decrease in comparison to previous years and while we still give our best efforts to educate the general public about Fire Safety awareness and prevention – we still cannot prevent fires from occurring. However, we are nonetheless still dedicated to spread fire awareness and prevention techniques.

Despite the many problems affecting the Services, I am never short of being surprised by the dedicated men and women that strive to deliver the most competent service while at the same time appreciating the limited resources that the Services has to operate.

I take this opportunity to thank our stakeholders and other Government departments for the working relationship throughout the financial year 2016/2017. Many things were made possible due to our interoperability. Special acknowledgment is due to the Government of South Australia and SAMFS for all their positive contributions for the development of the Service.

Thank you to the Minister – Honourable Mateni Tapueluelu for his support and guidance during this financial year.

Apologies are sought for any shortfalls on behalf of the Services.
